

THE BEGINNING
OF A DECADE

*The Senior class of nineteen-eighty dedicates this
yearbook in memory of our friend, Eric Cozad.*

A large graphic of a triangle composed of the word "SENIORS" repeated many times, set against a starry night sky background. The word "SENIORS" is written in a bold, white, sans-serif font. The letters are arranged in a way that they form the shape of a large triangle, with the word "SENIORS" repeated many times to create the sides and interior of the triangle. The background is a dark, black sky filled with numerous small, white stars of varying sizes. A prominent, bright star with a four-pointed diffraction pattern is located in the upper left quadrant. The overall composition is symmetrical and visually striking due to the high contrast between the white text and the dark background.

PPG Industries is Proud

We're proud of many things at our Crestline glass fabricating plant. One is being part of the Richland-Crawford County community. Another is the high-quality fabricated glass that we produce there. And we're proud to be known in the community for dedication to the improvement of the quality of life in the area.

We're a concerned part of a growing community. PPG and its loyal employees are sharing their time, talent and money to maintain and improve the social, cultural and educational fabric of the area.

This involvement reflects our commitment as responsible corporate and individual citizens.

There's something else that we're proud of—and that's the Crestline High School 1980 graduating seniors.

PPG: a Concern for the Future
